CY2023  
ANNUAL REPORT

# Plan 6 Stipulations

## Annual Legislative Requirements and Plan 6 Stipulations

As part of the Revised 2022-2025 Energy Efficiency & Demand Response Plan 6 Stipulation Agreement (“RSA”), and in compliance with the Clean Energy Jobs Act (“CEJA”), ComEd provides the following annual updates:

**CEJA § 8-103B.g.10** Utilities shall report annually to the Illinois Commerce Commission and the General Assembly with data on vendor and employee diversity to illustrate how hiring, contracting, and job training in energy efficiency programs enhance the diversity of vendors.

### 2023 Updates

The ComEd Energy Efficiency Program relies on implementation contractors and service providers to help raise awareness of the program; identify and implement energy efficiency improvements; and deliver incentives, discounts, and rebates. ComEd has a series of efforts underway to help enhance the diversity of vendors working on its Energy Efficiency Program:

#### *I. Implementation Contractor Diversity*

In 2023, ComEd utilized 27 diverse prime contractors (Tier 1), along with 75 diverse sub-contractors and service providers (Tier 2). The following tables show a breakdown of vendor diversity by diverse category:

Diverse Category	# of Vendors	
	Tier 1	Tier 2
MBE	10	33
WBE	15	37
VOSB	2	5
<b>TOTAL</b>	<b>27</b>	<b>75</b>

#### Data Definitions

- **Tier 1 vendors:** Prime diverse vendor
- **Tier 2 vendors:** Prime non-diverse vendor, subcontracting to a diverse vendor
- **Minority-owned Business Enterprise (MBE):** A for-profit enterprise, regardless of size, physically located in the United States, which is 51% owned, operated, and controlled by minority group members, defined by the following:
  - **Asian-Indian-owned business enterprise:** A U.S. citizen whose origins are from India, Pakistan, or Bangladesh
  - **Asian-Pacific-owned business enterprise:** A U.S. citizen whose origins are from Japan, China, Indonesia, Malaysia, Taiwan, Korea, Vietnam, Laos, Cambodia, the Philippines, Thailand, Samoa, Guam, the U.S. Trust Territories of the Pacific, or the Northern Marianas
  - **African-American-owned business enterprise:** A U.S. citizen having origins in any of the Black racial groups of Africa
  - **Hispanic-owned business enterprise:** A U.S. citizen of Hispanic heritage, from any of the Spanish-speaking areas of the following regions: Mexico, Central America, South America, or the Caribbean Basin
  - **Native-American-owned business enterprise:** A person who is an American Indian, Eskimo, Aleut, or Native Hawaiian, and is regarded as such by the community of which the person claims to be a part

# Plan 6 Stipulations

- **Woman-owned Business Enterprise (WBE):** An independent business concern that is at least 51% owned and controlled by one or more women who are U.S. citizens or Legal Resident Aliens; whose business formation and principal place of business are in the U.S. or its territories; and whose management and daily operation is controlled by one or more of the women owners
- **Veteran-owned Small Business (VOSB):** A business that is at least 51% owned, operated, and controlled by one or more veterans

## II. Implementation Contractor Employee Diversity

ComEd collects information from its implementation contractors regarding the diversity of their workforce and the actions taken to promote Diversity, Equity, and Inclusion (DE&I) in their organization. Information collected includes:

- (i) Whether the implementation contractor has a DE&I plan for their organization
- (ii) Data on the diversity/ethnicity of the implementation contractor's workforce supporting the ComEd Energy Efficiency Program

This information is self-reported by implementation contractors and aggregated by ComEd to provide statistics across implementation contractors and their employees:

Category	Aggregated Totals*
People of Color, Female	91.2
People of Color, Male	102.2
White, Female	9.4
White, Male	199.7
Undisclosed	171.5
<b>Total</b>	<b>574.0</b>

\*Employee statistics reflect an aggregated total as self-reported by the implementation contractors supporting ComEd EE programs. These numbers include both fully and partially dedicated employees supporting the delivery of the ComEd EE portfolio.

## III. Workforce Equity and Quality Jobs

In addition, the ComEd Energy Efficiency program promotes workforce equity and quality jobs through additional efforts, including but not limited to the following:

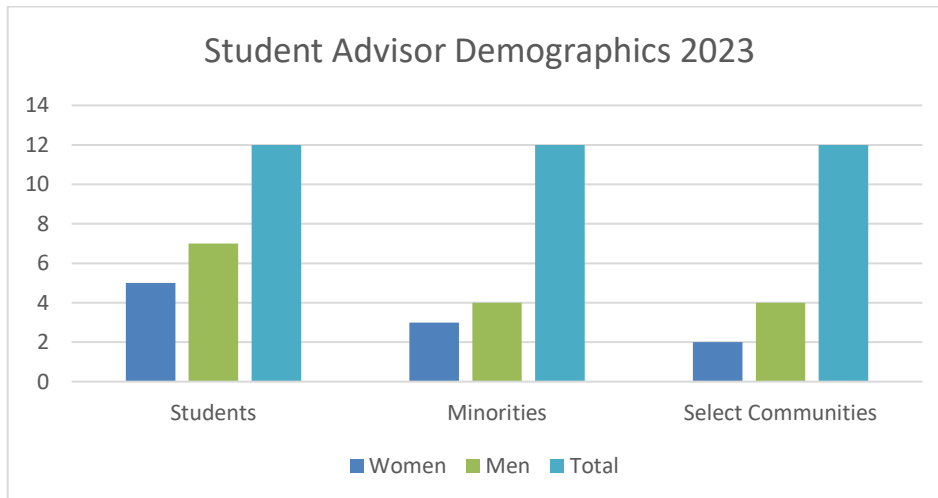

- **Energy Efficiency Service Provider (EESP) Incubator:** Launched in 2020, the EESP Incubator is delivered in collaboration with a women-owned implementation contractor. The EESP Incubator is designed to educate and train service providers (which includes contractors, distributors, and engineers), many located within our underserved communities, on ComEd's Energy Efficiency Program. Participating businesses are educated on how to best represent the ComEd Energy Efficiency Program to customers and complete energy efficiency projects by leveraging existing workforce development frameworks, community-based agency partnerships, and support from ComEd's Energy Efficiency Program prime implementation

# Plan 6 Stipulations

contractors. From its inception through 2023, 115 members have completed Incubator training, and 81 have been accepted into the ComEd EESP Network.

- *Market Development Initiative (MDI)*: The aim of the MDI is to increase ComEd Energy Efficiency contracting opportunities for diverse business enterprises and community-based organizations (CBOs) and improve the diversity and inclusiveness of the ComEd Energy Efficiency supplier workforce. In 2023, program implementation plans were finalized alongside the initial development of marketing collateral. The groundwork for a public-facing website (ComEd.com/MDI) also began in 2023, with a release date originally planned for Q1 2024.
- *Strategic Energy Management (SEM) Student Intern Advisors*: Launched in 2021, this program was established to engage and make students aware of career paths in energy efficiency, understand the relevance of energy management across industries and job functions, and learn transferable work skills. The program engages ComEd’s broader workforce development programming and aims to reach diverse students from Select Communities, and makes diversity, equity, and inclusion a central component of recruiting and participation. Recruitment into the program includes student groups from Select Communities, students from our participating SEM customers, and local colleges and universities. The program seeks to attract students with diverse educational focuses. In 2023, the SEM program provided part-time, paid positions to 12 students (see *Chart 1* for demographic breakdown).
  - 42% women
  - 58% minorities
  - 42% represent Select Communities

Chart 1

## Plan 6 Stipulations

- *Energy Force Ambassadors Program:* The Energy Force Ambassador Program is a Corporate Community Impact and Marketing initiative designed to offer job training and work experience for adults with developmental disabilities in a public-facing role. Founded in 2012, the Energy Force Program is now in its 13<sup>th</sup> year and boasts 30 Energy Force Ambassadors representing various esteemed organizations from Northern Illinois and Chicagoland that serve people with disabilities. Each year, the ComEd Energy Force Ambassadors successfully interact with more than 50,000 customers, spreading awareness toward energy efficiency and driving positive change in our communities. Participating organizations receive \$7,500 to cover any costs associated with the program and compensate individual Ambassadors for their work.
- *IHWAP Training Fund:* In 2023, ComEd's Home Energy Savings (HES) offering allocated \$45,000 to the Illinois Department of Commerce and Economic Opportunity to support QAQC monitoring and technical training for Community Action Agency (CAA) staff and contractors involved in delivering the Illinois Home Weatherization Assistance Program (IHWAP). IHWAP aims to deliver weatherization and other energy efficiency upgrades to income-eligible customers throughout the state of Illinois. In 2023, ComEd's funding helped to support 18 building science focused courses ranging in topics from weatherization basics to health and safety and indoor pollutants.
- *Home Energy Savings' Community Partner Program:* The HES offering developed a community partner program that allows community-based organizations (CBOs) and Energy Efficiency Service Providers (EESPs) to support HES customer awareness, outreach, and enrollment. Organizations have the option to select their role based on their interest, abilities, and resources. Those that elect to become an outreach or enrollment partner are compensated. In 2023, HES had 33 active partners including 8 outreach and enrollment partners and 25 awareness partners. Through these partners in 2023, HES was promoted at 80 outreach events and over 1,800 income eligible customers received energy efficiency upgrades by enrolling in HES through a partner.

**RSA § V (D-1c)** Measure Data/Comprehensiveness of Treatment – ComEd commits to providing the following in its ICC-filed Annual Reports:

- % of buildings that received different types of EE services:
  - Whole building assessments
  - Only DI measures
  - In-unit
  - One (1) or more major measures listed by type (e.g., building envelope measures – air sealing and insulation, HVAC equipment, and water heating equipment).

### 2023 Updates

The following table (*Table 1*) provides a breakdown of participation in services provided by the Multi-Family Assessment program. In 2023, the program served 2,377 buildings.

# Plan 6 Stipulations

Table 1

	Quantity	% of Total Buildings Served	Additional Commentary
• Buildings that received a whole building assessment	797	34%	Multi-Family Assessments completed in 2023
• Buildings that received <i>only</i> DI measures (no additional measures)	328	14%	
• Buildings that received in-unit (tenant) upgrades	871	37%	
• Buildings that received one or more:			
○ Air Sealing	373	16%	Does not contain Attic & Air Sealing measure information
○ Insulation	829	35%	Contains information on Attic & Air Sealing, Pipe insulation measures
○ Water Heating Equipment	430	18%	Includes water heaters, boilers, domestic hot water (DHW) pumps, boiler tune ups, and steam traps.
○ Refrigerator replacements	50	2%	
○ Capital HVAC	479	20%	

# Plan 6 Stipulations

## RSA § V (D-2) Equity-Affordability Reporting Metrics

- a) ComEd commits to report on the following in its ICC-filed Annual Reports:
  - o Program participation, by zip code, with average income information

### 2023 Updates

The following table (*Table 2*) provides a list of all zip codes with customer participation in EE programs with average income information for each zip code.

Zip Code	Average Household Income	Contractor / Midstream Rebates	Assessments	Incentives	Targeted Systems	Midstream/Upstream	Multifamily Upgrades	Product Distribution	New Construction - IE	Retail/Online	Single-Family Upgrades	Small Business	Behavior Bus/Pub	New Construction - Bus/Pub	Total EE Participants
